

This is “About the Author”, article 1 from the book [Psychology Research Methods: Core Skills and Concepts \(index.html\)](#) (v. 1.0).

This book is licensed under a [Creative Commons by-nc-sa 3.0](#) (<http://creativecommons.org/licenses/by-nc-sa/3.0/>) license. See the license for more details, but that basically means you can share this book as long as you credit the author (but see below), don't make money from it, and do make it available to everyone else under the same terms.

This content was accessible as of December 29, 2012, and it was downloaded then by [Andy Schmitz](#) (<http://lardbucket.org>) in an effort to preserve the availability of this book.

Normally, the author and publisher would be credited here. However, the publisher has asked for the customary Creative Commons attribution to the original publisher, authors, title, and book URI to be removed. Additionally, per the publisher's request, their name has been removed in some passages. More information is available on this project's [attribution page](#) (http://2012books.lardbucket.org/attribution.html?utm_source=header).

For more information on the source of this book, or why it is available for free, please see [the project's home page](#) (<http://2012books.lardbucket.org/>). You can browse or download additional books there.

About the Author

Paul C. Price

© Vera Price

Paul received his B.A. in psychology from Washington University and his M.A. and Ph.D. in cognitive psychology from the University of Michigan. Since 1996 he has been a professor of psychology at California State University, Fresno—teaching research methods and statistics, along with courses in judgment and decision making, social cognition, and health psychology. Paul directs the Judgment and Reasoning Lab at California State University, Fresno. The research that he and his students conduct has been funded by the National Science Foundation and has resulted in numerous journal publications and conference presentations. Paul is also a regular peer reviewer for several professional journals and on the editorial board of the *Journal of Behavioral Decision Making*.
